

What is Freedom of Road Riders®, Inc.?

Freedom of Road Riders®, Inc. (FORR®), is a not-for-profit organization dedicated to promoting safety, brotherhood, and freedom for all motorcyclists. FORR® is to Motorcycle Riders what the NRA® is to gun owners. Protecting their rights to ride free on American roads and Highways

FORR® membership is made up of motorcyclists from all walks of life, who ride all types of motorcycles and have all sorts of interests. Whether your interest's center on legislative activities, motorcycle shows, charity events, or motorcycle rallies, FORR® has something to offer you.

Members belong to the largest Motorcycle Rights Organization in the State of Missouri, with Local affiliates throughout the State.

FORR® is different from most motorcycle organizations, in that persons who ride ANY motorcycle or who support our freedom to ride, without riding themselves, can join. So regardless of whether you ride a Honda or a Harley, a Moped or a dirt bike, or even if you just drive a car, if you love motorcycling or would like to support the right to ride, you belong in Freedom of Road Riders®, Inc.

Since its inception, Freedom of Road Riders® Inc. has had an impact on motorcycling in Missouri. Some of the issues FORR® has been involved in include:

- * Creation of a State Safety Program with FORR® training sites and instructors to help reduce motorcycle accidents.
- * The revision of Missouri's helmet law to remove the serious penalties and make them comparable to seat-belt laws.
- * Education of our legislators on issues pertaining to motorcyclist's rights; including the economic impact of a mandatory helmet law on Missouri tourism.
- * Efforts to legislate stricter penalties for drivers who fail-to-yield the right of way and injure others.

Why the Need for a Motorcyclists' Rights Organization?

Motorcyclists, probably more than any other group, have become increasingly aware of the effect government regulations have on our daily lives.

With the recent trend of the Federal government's turning responsibility for regulation over to the States, the need to have an impact on Missouri's legislative process, to protect the rights of ALL motorcyclists has grown. Some of the recent actions of Federal, State and local governments that infringe on the rights of motorcyclists include:

- * Requiring personal injury protection insurance coverage (for motorcyclists only). This does not occur in Missouri at this time.
- * Banning ALL motorcycles from selected streets and roads.
- * Outlawing certain types of motorcycles completely.
- * Attempts to create a "global" standard of motorcycle manufacturers, which could outlaw any attempts to customize your motorcycle.
- * Insurance regulations that allow discrimination against motorcyclists (health coverage, liability, uninsured/underinsured motorists).
- * EPA regulations, which limit modifications/customizations that can be made to a motorcycle. This regulation impacts thousands of small business owners who manufacture parts and provide service to motorcycles.

Individually, motorcyclists may have a small impact on the legislative and regulatory actions described here, but collectively, motorcyclists who take part in an organized Motorcyclists Rights Organization have greater strength.

In Missouri, the organization that guards the rights of motorcyclists is Freedom of Road Riders®, Inc. (F.O.R.R)
